

## PLATFORM GOES AGAINST BAILEY FOR FERGUSON

The Platform Committee Votes Out All of the Bailey Amendments.

(Continued From Page 2)

We therefore recommend to our legislators that they give their best thought and attention to the question of whether the fee system of paying public officials should not be abolished in Texas and all officials be put upon a salary basis, commensurate with the services to be performed by such officials in their respective jurisdictions.

30.—The Democracy of Texas declares it to be the duty of the state government to adopt such means and establish such conditions as are lawful under the constitution of the state to enable citizens engaged in agricultural, horticultural and stock raising pursuits to secure fair freight rates to the markets, and to insure that consignments of such products are honestly handled and accounted for, and to this end we recommend the establishment of a commission of transportation and commerce, possessing such lawful powers and charged with such duties as the legislature may prescribe.

31.—The Democracy of Texas in convention assembled, desires to express their appreciation of, and extend their thanks to Hon. Walter Collins and Hon. Charles J. Kirk, president and secretary of the state executive committee, for the efficient and patriotic services as president and secretary of said state executive committee.

32.—Except as hereinbefore stated, we do not deem it to be the province of this convention to deal or treat with any national questions of legislation.

33.—We demand the most adequate and liberal appropriation for the support and maintenance of the livestock sanitary commission of Texas. And we further demand adequate laws and liberal appropriation for the protection of the livestock interests of this state, and adequate laws for the destruction of predatory animals that prey upon the livestock, and we call upon our legislature to make adequate appropriation for the continuance of the present of the livestock sanitary commission of said predatory animals may be encouraged and continued.

## Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is the importance of a good external application in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many and many a mother has found it so wonderfully aided them through the period of expectancy.

Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century, a more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 262 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

## TODAY'S AMUSEMENTS.

"CAPTAIN ALVAREZ" TODAY.

"With just a handful of men, Capt. Alvarez, the fearless Revolutionary soldier, beat the Federalists in a desperate race to a bridge across a ravine and held them at bay, while he set the bridge afire, and destroyed it, thus cutting off the enemy." It is a vivid description of one of the many thrilling scenes in the wonderful Broadway Star Feature photo drama, "Captain Alvarez." With a thrill to every square inch of film, it is one of the most sensational pictures ever shown. The story is a clean, crisp, intense narrative of the adventures of an American who joins the rebel army during a revolution in one of the South American republics, and by his magnificent bravery and daring, wins fame as a military leader and the heart and hand of one of the fairest and bravest of women. "Captain Alvarez" is a picture that makes the heart beat faster, the blood course madly through the veins, and thrills into action all dormant sensibilities. It is a picture story that can be seen again and again with the same degree of interest that characterized the first presentation. It will be the masterpiece service attraction at the Wigwam today and tomorrow. Admission is 10 and 20 cents.—Advertisement.

## GOOD COMEDY BILL—HISJOE.

Lillian Walker, the popular Vitagraph photoplayer, will be seen today in "The Winning Trick," an excellent comedy, at the Wigwam. "A Tramp to His Country," a Lubin dramatic production with Velma Whitman, will also be a part of the program.

"Temper and Temperature" and "Woman Will Turn" are two comedies that you cannot afford to miss, as they are surely laughable.

Thursday "A Five Hundred Dollar Kiss" and the "Honey-Moon Weekly" will make up a fine program.

Tuesday, the 18th, "The Wolf," by Eugene Walter, a beautiful picture as was ever made, will be shown in six wonderful reels.—Advertisement.

## KEYSTONE COMEDY—GRECIAN.

Keystone Mabel will be seen at the Grecian today only, in a two reeler, "A New York Girl." Don't miss a double reel Keystone. If you do, you miss good fun. There will also be shown "The Butterfly," an American drama. Tomorrow, a Beauty comedy with Margaret Fletcher and Harry Pollard, will be on the bill.—Advertisement.

## WILL BEGIN RAILROAD ARBITRATION HEARINGS

Chicago, Ill., Aug. 12.—Hearings in the arbitration of the large dispute between the western railroads and their employees will begin within two weeks, it is believed.

The general managers' committee has not yet announced its representatives, but A. W. Trenholm, chairman of that organization, said that the names probably would be published Thursday.

The employees have named F. A. Burgess, assistant chief engineer of the Brotherhood of Locomotive Engineers, and Timothy Shea, assistant vice president of the Brotherhood of Locomotive Firemen and Engineers. They will confer with two men selected by the roads and try to agree upon two neutrals to complete the board. Failing to agree, they will turn this part of their task over to the federal board of mediation.

Both sides will be represented by counsel at the hearings.

## DIES AT SANATORIUM.

D. M. Green, age 26 years, died Wednesday morning at his El Paso sanatorium. He is survived by a brother, O. C. Green, who is now in the city from Houston. Funeral services were held at 2 o'clock Wednesday afternoon at the chapel, 508 Texas street, Rev. Mr. Holloway conducting the services. Burial was made in Concordia cemetery.

## OPHELIA

## CONTRIBUTIONS FROM EL PASOANS URGED

El Paso has been slow to answer the appeal sent out by the American Red Cross for funds with which to finance a relief expedition to the war-ridden nations of Europe. Dr. C. F. Braden, secretary of the local chapter, said Tuesday evening that not a single contribution has been received from the people of El Paso for this work. Dr. Braden has received the following telegram from Charles L. Magee, the national secretary:

Washington, D. C., Aug. 11, 1914.

"Dr. C. F. Braden,

"Secretary El Paso Chapter,

"American Red Cross Society,

"El Paso, Tex.

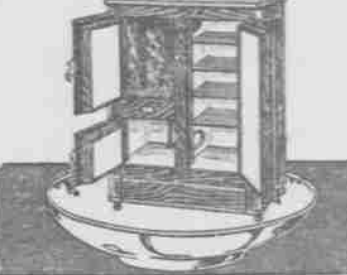

"The executive committee has decided to enroll as members at large of the American Red Cross society for the remainder of the year 1914 all contributors of \$2 or more to the European war relief fund.

"Charles L. Magee,

"National Secretary."

These telegrams have been sent to all the Red Cross chapters in the United States. It is the purpose of the society to equip a large steamer with medical supplies and crews and rush it across the ocean on its mission of mercy. The ship will float the Red Cross flag and will give relief to all nations now participating in the war. El Pasoans desiring to send in contributions can do so to Miss C. L. Lessor, treasurer of the local chapter, 423 North Oregon street.
